PROPERTY DESCRIPTION

Ever dream of living in a log home? This charming log home sits in a peaceful, quiet location in Sandy on 3.29 creekfront acres. It's a highly desirable neighborhood that is close in yet a country feel. The setting is parklike with a huge lawn area and lots of trees with a short path down to the year round "kid friendly" creek. Four spacious bedrooms gives plenty of room to spread out. The covered porch entry is charming. High vaulted ceilings and a brand new skylight make the living room a favorite place to lounge. Hardwood floors and a gourmet kitchen that's open to the dining room area make this a great place for entertaining or just visiting with friends and family as you make some homecooked meals.

There's lots to do at this property! Send the kids out to play on the lawn, have tea parties in the playhouse, climb trees or explore the woods by the creek. This is a paradise for youngsters! The home is located at the beginning of a dead end paved road with little traffic....another great benefit of this location.

If you like to build or have hobbies, you are going to love the shop area in the bottom level of the home. Cement floor with tons of room to work!
