PROPERTY DESCRIPTION

You'll love this private location on 4.77 acres with a newer log home. Plenty of room to spread out in 3720 sq. ft. of living space. Built in 2003, this custom home has wood throughout from floors to ceilings. Skylights, and lots of bells and whistles from the gourmet kitchen, clawfoot tub, river rock fireplace in the living room and master bedroom! Sun deck off the master, huge outside deck, lots of windows, a huge daylight basement room for tons of fun and bonus storage areas too.

The land is usable with fruit trees, tons of berries and a garden area. There's even a steel shop (20 X 40) with a cement floor—great for parking that RV!

Radiant heat is very warming to the floors and all the wood makes a very allergy resistant home and easy to keep clean.

Close in to Sandy and a quick drive to Gresham and Portland. It's only 35 minutes to premium ski slopes!
