PROPERTY DESCRIPTION

Welcome to Judy's cottage nestled on 3.2 acres of paradise. This parklike property has been loved to perfection. You enter the driveway under a canopied driveway with tall cedars and firs.

The cottage was originally built around 1920 and has a couple of additions since that time. The original stone fireplace has a wood carving of whimsical horses carved into the mantel. Lots of cedar, high beams, and original paned windows are in the original structure. Three bedrooms, two baths and a charming sun nook to start your day with a cup of coffee and a full view of the many birds that visit the property.

If you want to own your own park and garden paradise, this is it. A huge expansive lawn, 22 blueberry bushes, pear trees, raspberries, strawberries, grapes, iris, rhododendrons, azaleas and more throughout the property. A sturdy outbuilding to store your garden tools too.

There are tons of native plants. Abundant wildlife visit the property from deer, chipmunks, squirrels, raccoons, all kinds of birds...too many to list.

This is a rare opportunity to purchase an outstanding property that has been loved to perfection!

Located only one hour from Portland and forty five minutes to the airport. Only 15 minutes to Mt. Hood ski slopes too.
