PROPERTY DESCRIPTION

There's pride of ownership throughout in this one level home and if you love a yard, this is the place for you! The current owner even grows roses! The home has a spacious kitchen with dining room including a slider that goes out to an oversized deck to a completely fenced yard. Lots of trees were initially taken out when the home was built and this makes the living room area very sunny. The seller also added ten solatubes throughout the house and she also loves the propane freestanding stove she installed to cozy up the living room area. The two car garage is an added bonus for this home and comes in very handy for those colder winter mornings.

It's a perfect first time buyer home for a USDA 100% loan or for a retiree who wants a great easy care one level home with an enjoyable yard and safe neighborhood. Amenities include access to the Sandy River with picnic tables and trails, the swimming pool and tennis courts too. There's a lodge too for parties, meetings and other uses.

This area is surrounded by the Mt. Hood National Forest and is only minutes to premium ski areas, 27 hole golf course and all the incredible recreational opportunities our area offers only one hour from Portland! This home won't last long!
